

LakewoodAlive administers a Housing Outreach Program which connects residents with resources to maintain the community's aging housing stock. These services are designed to offer a one-stop place for residents to ensure they are able to live in healthy and safe housing:

- Working one-on-one with low-moderate income residents, many of whom are senior citizens, to connect them to resources, as well as to volunteer labor to complete necessary home maintenance.
- The Lakewood Tool Box, which offers community members an affordable and educational option for borrowing tools that are essential for completing home repairs.
- The Lakewood Pride Fund, a program that leverages a collection of funds to secure home repair loans for families who otherwise might not have access to conventional bank financing.
- The Paint Lakewood Program, a grant program for low-moderate income residents to assist with obtaining affordable exterior house painting.
- The Knowing Your Home educational series, which focuses on sustainability and maintenance best practices empowering homeowners to tackle necessary home repairs and improvements.
