

Paint Lakewood Program Lead Hazard Information

Written Acknowledgement of Receipt of Pamphlet & Required Training Session

I have received and read a copy of the pamphlets “Protect Your Family from Lead in Your Home” and “Renovate Right” informing me of the potential risk of lead hazards exposure from renovation activity to be performed in my dwelling unit.

I understand that prior to preparing my home for paint, I must first receive mandatory training in the form of pamphlets and brochures instructing me on safe home preparation techniques and procedures to protect myself and my family from lead. The Paint Lakewood Program approval letter will be distributed immediately following this training session.
